

## *League Participation 2017*

1. Leagues may reserve tee times April through August. Leagues wishing to extend play into September should consult Jason Laible as soon as possible. Management reserves the right to move a league to a different course in August and September due to outings and high school matches.
2. Leagues must play a minimum of 16 weeks and shall maintain 75% attendance annually to retain reserved tee status. Please provide us with an accurate number of participants for the 2017 season by March 31<sup>st</sup>, 2017.
3. Leagues failing to tee off in the allotted time will relinquish the tee to the following league. ***This includes weather delays.*** The management staff will do everything possible to make sure all leagues get an opportunity to play in such cases.
4. State law prohibits players bringing alcoholic beverages onto the premises.
5. All league players are expected to comply with daily golf cart instructions, including days when carts are restricted to cart paths only for safety purposes.
6. All league players are expected to maintain proper spacing and pace of play on the golf courses. Your place on the golf course is directly behind the group in front of you, not directly in front of the group behind you. This is necessary not only to allow your league to enjoy their round, but also the leagues that play behind you.
7. League members that do not comply with the terms listed above may be asked to resign from league play or may cause the cancellation of the entire league's RESERVED TEE STATUS.
